

## PRODUCT DATA SHEET

---

### Chemical product/preparation

|   |   |
|---|---|
| Product number:                                   | <b>2602</b>   |
| Product name:                                     | <b>Soft soap "Gold"</b>   |
| Monograph:  | Caelo Int. TI   |
| CAS No.:  | -   |
| EINECS-No.:                                       | -   |
| INCI-Name:  | -   |
| Supplier:   | Caesar & Loretz GmbH<br>Herderstr. 31<br>40721 Hilden<br>Tel.: +49 (0) 21 03/49 94-0<br>Fax: +49 (0) 21 03/49 94-300<br>E-Mail: info@caelo.de |
| Application of substance/mixture:                 | Detergent   |
| CLP labeling:<br>Regulation (EC) number 1272/2008 | The substance is not classified according to the CLP regulation   |
| REACH registration number:                        | The substance is exempt from REACH registration.  |

### Composition/information on ingredients

#### Chemical characterization

Soap (prepared by saponification of linseed oil with potassium hydroxide, contains approx. 50% water and approx. 5% ethanol)

### Physical and chemical properties

|                                       |                                |
|---------------------------------------|--------------------------------|
| Form:                                 | paste                          |
| Colour:                               | white to light yellow          |
| Odour:                                | faint odour                    |
| Melting point/melting range:          | not determined                 |
| Boiling point/boiling range:          | not determined                 |
| Flash point:                          | not determined                 |
| Autoflammability / self-ignition:     | not determined                 |
| Decomposition temperature:            | not determined                 |
| Density:                              | 1,04 g/cm <sup>3</sup> (20 °C) |
| Bulk density:                         | not determined                 |
| pH-value:                             | 11,5 (500 g/l, 20 °C)          |
| Solubility in/miscibility with water: | miscible                       |

## General protective and hygiene measures

The usual precaution measures during handling of chemicals are to observe.

## Storage

Requirements to be met by storerooms and receptacles:

Tightly closed. Store at a dry place. At room temperature (+15°C to +25°C).

Specific hazards during fire fighting:

No special measures required.

## Disposal considerations

Product:

Disposal according to local regulations as pharmaceutical waste.

Uncleaned packaging:

Disposal according to the local regulations.

## Transport information

Land transport according to ADR:

Not classified as dangerous in the meaning of transport regulations.

Revision: 2023-06-21
